Answers to Questions Now Posted: Joint HCA/King County RFI on Accountable Delivery and Payment Models/Strategies

Dear Feedback Network Member,

On April 8, the Washington Health Care Authority and King County issued a joint Request for Information (RFI). The purpose of the RFI is to obtain details statewide on steps health care providers and health plans have made or are planning to make to develop accountable delivery and payment models and strategies. Comments from other health care stakeholders are also welcome.

More than 30 questions pertaining to the RFI were received and [answers are now posted](#) on the Washington Health Care Authority website. The [RFI and related documents](#) also are available. Please note that an amendment dated April 25 was posted changing the due date to May 21, 2014, at **3 pm** and requiring all RFIs submitted by email to include “**2014-014 Response**” in the subject line.

We recommend you review the questions and answers if your organization intends to respond to the RFI.

Also, a reminder of two important RFI Dates:

- **Wednesday, April 30<sup>th</sup>** (2pm-3pm) – You are invited to a Potential Respondents’ Conference Call with HCA (PEBB and Medicaid) and King County Purchasing Leaders. [Register here](#) to receive instructions to join the webinar-based Conference Call by phone or Internet.
- **May 21<sup>st</sup>** (by 3pm) – RFI Responses Due. Please note: Because this is an RFI, all questions should be specific to the RFI process and must be directed to [contracts@hca.wa.gov](mailto:contracts@hca.wa.gov).

Responses from the RFI will be used separately by HCA and King County to make purchasing decisions for 2016 and 2017.

Due to the RFI, please do not respond to this email.

Thank you for your continuing participation in health care transformation,  
*The Health Innovation Plan Team*
